What Does The Fund Invest In?

The Fund invests primarily in equity and equity related securities of companies located or active in emerging market countries. The Fund will diversify through currencies, industries and countries to increase safety, and to increase the growth and liquidity of the investments. Treasury bills or short term investments, not exceeding three years to maturity, may also be used from time to time.

Investor Suitability

Investors seeking long-term, above average growth who can tolerate significant volatility. High risk.

Investment Strategy

In order to achieve its investment strategy objectives, the Manager systematically creates a broadly diversified portfolio of wealth-creating companies with excellent management teams bought at discounts to their intrinsic values. The Manager employs a highly disciplined, research-driven, bottom-up process and long-term holding period to allow for investor recognition or corporate growth, and to minimize transaction costs.

- ¹ Funds with less than three years of performance history are not rated.
- ² Equity holdings excluding cash.
- ³ Fund's MER is made up of the management fee and operating expenses. The Fund's annual management fee is 1.30% of the Fund's value. Because this fund is new, its operating expenses are relatively large in comparison to the fund's assets. Mawer Investment Management Ltd. has committed to subsidize the operating expenses of the Fund from its inception so that the MER is no more than 1.60%. Mawer Investment Management Ltd. reserves the right to terminate the subsidy at any time. Management plans to review the subsidy periodically with the intent to remove the subsidy once the MER of the Fund has stabilized. After the subsidized period ends, the actual MER for the Fund may be higher than 1.60%.
- ⁴ Mawer Emerging Markets Equity Fund Series O inception: January 31, 2017. Since Inception performance has been calculated from the month-end after the initial funding of the mutual fund in order to provide a comparison against a monthly benchmark.
- ^{*} Performance has been presented for the A-series mutual funds and has been calculated net of fees. Performance has been expressed in Canadian dollars.

This document is for information purposes only. Commissions, trailing commissions, management fees and expenses all may be associated with mutual fund investments. Please read the fund facts and the prospectus before investing. The indicated rates of return are the historical annual compounded total returns including changes in unit value and reinvestment of all distributions and do not take into account sales, redemption, distribution or optional charges or income taxes payable by any securityholder that would have reduced returns. Mutual funds are not guaranteed, their values change frequently and past performance may not be repeated. Mawer Funds are managed by Mawer Investment Management Ltd. The Morningstar Rating, commonly referred to as the Star Rating, relates how a fund has performed on a risk-adjusted basis against its Morningstar category peers and is subject to change every month. Funds are ranked by their Morningstar Risk-Adjusted Return scores with the top 10% of funds in a category receiving 5 stars, the top 22.5% receiving 4 stars; a fund in the middle 35% receiving 3 stars; and a fund in the bottom 22.5% receiving 2 stars. The Overall Star Rating for a fund is a weighted combination of its 3, 5 and 10 year ratings. Overall ratings are adjusted where a fund has less than 5 or 10 years of history.
