What Does The Fund Invest In?

The Fund invests primarily in equity and equity-related securities of entities outside of Canada and the United States. The amount invested in any one country will vary depending upon individual company by company opportunities in each area. The Fund will diversify through currencies, industries, and countries to increase safety, and to increase the growth and liquidity of the investments. Treasury bills or short-term investments, not exceeding three years to maturity, may also be used from time to time.

Investor Suitability

Investors seeking long-term, above-average growth who can tolerate equity volatility. Medium to high risk.

Investment Strategy

In order to achieve its investment strategy objectives, the Manager systematically creates a broadly diversified portfolio of wealth-creating companies with excellent management teams bought at discounts to their intrinsic values. The Manager employs a highly disciplined, research-driven, bottom-up process and long-term holding period to allow for investor recognition or corporate growth, and to minimize transaction costs.

The Morningstar Rating, commonly referred to as the Star Rating, relates how a fund has performed on a risk-adjusted basis against its Morningstar category peers and is subject to change every month. Funds are ranked by their Morningstar Risk-Adjusted Return scores with the top 10% of funds in a category receiving 5 stars, the top 22.5% receiving 4 stars; a fund in the middle 35% receiving 3 stars; and a fund in the bottom 22.5% receiving 2 stars. The Overall Star Rating for a fund is a weighted combination of its 3, 5 and 10 year ratings. Overall ratings are adjusted where a fund has less than 5 or 10 years of history.
